<p><b>Life</b></p>	<p>Yes</p> <p><b>Related documents:</b></p> <ul style="list-style-type: none"> <li>• <a href="#">The Medical Termination of Pregnancy Act, 1971 (page 1 )</a></li> <li>• <a href="#">Comprehensive Abortion Care Training and Service Delivery Guidelines, 2018 (page 26 )</a></li> <li>• <a href="#">The Medical Termination of Pregnancy Amendment Act, 2021 (page 2)</a></li> </ul> <p><b>Gestational limit</b></p> <p><b>Weeks: No limit specified</b></p> <p>The Medical Termination of Pregnancy Act 1971 states that it extends to the whole of India except the State of Jammu and Kashmir.</p> <ul style="list-style-type: none"> <li>• <a href="#">The Medical Termination of Pregnancy Act, 1971 (page 2 )</a></li> <li>• <a href="#">The Medical Termination of Pregnancy Amendment Act, 2021 (page 2)</a></li> </ul> <p> <b>WHO Guidance</b></p> <p>The following descriptions and recommendations were extracted from WHO guidance on safe abortion.</p> <p>The human right to life requires protection by law, including when pregnancy is life-threatening or a pregnant woman's life is otherwise endangered. Both medical and social conditions can constitute life-threatening conditions. Safe Abortion Guidelines, § 4.2.1.1.</p> <p>↓ <b>Source document:</b> <a href="#">WHO Safe Abortion Guidance (page 102)</a></p> <p>Laws or policies that impose time limits on the length of pregnancy may have negative consequences for women, including forcing them to seek clandestine abortions and suffer social inequities. Safe Abortion Guidelines, § 4.2.1.7.</p> <p>↓ <b>Source document:</b> <a href="#">WHO Safe Abortion Guidance (page 103)</a></p> <p> <b>Additional notes</b></p> <p>The Medical Termination of Pregnancy Act 1971 states that it extends to the whole of India except the State of Jammu and Kashmir. The Government has yet to update and amend the 2018 guidelines in line with the 2021 amendments.</p>

<p><b>Other</b></p>	<p>The following categories of women shall be considered eligible for termination of pregnancy under clause (b) of sub-section (2) Section 3 of the Act, for a period of up to twenty-four weeks, namely:-</p> <p>(a) survivors of sexual assault or rape or incest;</p> <p>(b) minors;</p> <p>(c) change of marital status during the ongoing pregnancy (widowhood and divorce);</p> <p>(d) women with physical disabilities [major disability as per criteria laid down under the Rights of Persons with Disabilities Act, 2016 (49 of 2016)];</p> <p>(e) mentally ill women, including mental retardation;</p> <p>(f) the foetal malformation that has substantial risk of being incompatible with life or if the child is born it may suffer from such physical or mental abnormalities to be seriously handicapped; and</p> <p>(g) women with pregnancy in humanitarian settings or disaster or emergency situations as may be declared by the Government.</p> <p>The anguish caused by the unwanted pregnancy in the following situations is presumed to cause grave injury to the mental health of the pregnant woman where there has been failure of any device or method used by a married woman or her husband for the purpose of limiting the number of children.</p> <p><b>Related documents:</b></p> <ul style="list-style-type: none"> <li><a href="#">The Medical Termination of Pregnancy Act, 1971 (page 2 )</a></li> <li><a href="#">Medical Termination of Pregnancy Amendment Rules, 2021 (page 8 )</a></li> <li><a href="#">16: Rights of Persons with Disabilities Act, 2016 (page 1 )</a></li> <li><a href="#">Comprehensive Abortion Care Training and Service Delivery Guidelines, 2018 (page 26)</a></li> </ul> <p> <b>Additional notes</b></p> <p>In 2022, the Indian Supreme Court ruled that it is unconstitutional to distinguish among women as per their marital status. The Court held that a change in the marital status of women often leads to a change in her material circumstances. In this regard, the widowhood and divorce shall only be considered illustrative, and cannot be interpreted to exclude unmarried women. The decision also held that survivors of sexual assault, rape or incest may also include married women. The Court stated that each case must be tested against this standard with due regard to the unique facts and circumstances that a pregnant woman finds herself in.</p> <p><b>Related documents:</b></p> <ul style="list-style-type: none"> <li><a href="#">Supreme Court Judgement, 2022 (page 1)</a></li> </ul>

#### **Additional notes**

The Medical Termination of Pregnancy Act 1971 states that it extends to the whole of India except the State of Jammu and Kashmir. The Government has yet to update and amend the 2018 guidelines in line with the 2021 amendments.

<p><b>Extra facility/provider requirements for delivery of abortion services</b></p>	<p><b>Referral linkages to a higher-level facility</b></p> <p>Yes</p> <p>For Medical Methods of Abortion (MMA), up to seven weeks gestation, drugs can be prescribed in outdoor clinics with an established referral linkage to an MTP approved site. The Government has yet to update and amend the 2018 guidelines in line with the 2021 amendments.</p> <ul style="list-style-type: none"> <li>• <a href="#">Comprehensive Abortion Care Training and Service Delivery Guidelines, 2018 (page 25)</a></li> </ul> <p><b>Availability of a specialist doctor, including OB/GYN</b></p> <p>Yes</p> <p>According to the 2018 Guidelines for Comprehensive Abortion Care Service Delivery, under the MTP an abortion can be performed at the following places:</p> <p>A hospital established or maintained by the Government</p> <p>A place approved by the Government or a District Level Committee (DLC) constituted by that Government with the Chief Medical Officer (CMO) as the Chairperson of the Committee</p> <p>In case of the termination of an early pregnancy of up to seven weeks using mifepristone (RU486) and misoprostol, the registered medical practitioner, as defined by the MTP Act, can prescribe the drugs at his/her clinic provided he/she has access to a place approved for terminating pregnancies under the MTP Act. The clinic should display a certificate to this effect from the owner of the approved place. In other words, the clinic where medical abortion drugs are prescribed by an approved registered medical practitioner does not need approval as long as it has referral access to an MTP approved site. ## Indicators

Country specific information related to sexual and reproductive health indications. As data for the Sustainable Development Goal (SDG) indicators related to sexual and reproductive health become available, these will be provided, through periodic updates.

### Goal 1. End poverty in all its forms everywhere

1.1.1 Proportion of population below the international poverty line, by sex, age, employment status and geographical location (urban/rural)

No data

1.3.1 Proportion of population covered by social protection floors/systems, by sex, distinguishing children, unemployed persons, older persons, persons with disabilities, pregnant women, newborns, work-injury victims and the poor and the vulnerable

No data

1.a.2 Proportion of total government spending on essential services (education, health and social protection)

No data

### Goal 3. Ensure healthy lives and promote well-being for all at all ages

3.1.1 Maternal mortality ratio

174 (2015)

3.1.2 Proportion of births attended by skilled health personnel

	No data
3.7.1 Proportion of women of reproductive age (aged 15-49 years) who have their need for family planning satisfied with modern methods	No data
3.7.2 Adolescent birth rate (aged 10-14 years; aged 15-19 years) per 1,000 women in that age group	23.1 (2015-2020)
3.8.2 Number of people covered by health insurance or a public health system per 1,000 population	No data
3.c.1 Health worker density and distribution	No data
<b>Goal 4. Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all</b>	
4.1.1 Proportion of children and young people: (a) in grades 2/3; (b) at the end of primary; and (c) at the end of lower secondary achieving at least a minimum proficiency level in (i) reading and (ii) mathematics, by sex	No data
<b>Goal 5. Achieve gender equality and empower all women and girls</b>	
5.1.1 Whether or not legal frameworks are in place to promote, enforce and monitor equality and nondiscrimination on the basis of sex	No data
5.2.1 Proportion of ever-partnered women and girls aged 15 years and older subjected to physical, sexual or psychological violence by a current or former intimate partner in the previous 12 months, by form of violence and by age	No data
5.2.2 Proportion of women and girls aged 15 years and older subjected to sexual violence by persons other than an intimate partner in the previous 12 months, by age and place of occurrence	No data
5.3.1 Proportion of women aged 20-24 years who were married or in a union before age 15 and before age 18	No data
5.3.2 Proportion of girls and women aged 15-49 years who have undergone female genital mutilation/cutting, by age	No data
5.6.1 Proportion of women aged 15-49 years who make their own informed decisions regarding sexual relations, contraceptive use and reproductive health care	No data
5.6.2 Number of countries with laws and regulations that guarantee women aged 15- 49 years access to sexual and reproductive health care, information and education	No data
5.a.1 (a) Proportion of total agricultural population with ownership or secure rights over agricultural land, by sex; and (b) share of women among owners or rights-bearers of agricultural land, by type of tenure	No data
5.b.1 Proportion of individuals who own a mobile telephone, by sex	No data
<b>Goal 8. Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all</b>	
8.5.2 Unemployment rate, by sex, age and persons with disabilities	No data
<b>Goal 10. Reduce inequality within and among countries</b>	
10.2.1 Proportion of people living below 50 per cent of median income, by age, sex and persons with disabilities	No data
10.3.1 Proportion of the population reporting having personally felt discriminated against or harassed within the previous 12 months on the basis of a ground of discrimination prohibited under international human rights law	No data
<b>Goal 16. Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels</b>	
16.1.3 Proportion of population subjected to physical, psychological or sexual violence in the previous 12 months	No data
16.2.2 Number of victims of human trafficking per 100,000 population, by sex, age and form of exploitation	

	No data
16.2.3 Proportion of young women and men aged 18-29 years who experienced sexual violence by age 18	No data
16.3.1 Proportion of victims of violence in the previous 12 months who reported their victimization to competent authorities or other officially recognized conflict resolution mechanisms	No data
16.5.1 Proportion of persons who had at least one contact with a public official and who paid a bribe to a public official, or were asked for a bribe by those public officials, during the previous 12 months	No data
16.6.1 Primary government expenditures as a proportion of original approved budget, by sector (or by budget codes or similar)	No data
16.6.2 Proportion of the population satisfied with their last experience of public services	No data
16.7.1 Proportions of positions (by sex, age, persons with disabilities and population groups) in public institutions (national and local legislatures, public service, and judiciary) compared to national distributions	No data
16.9.1 Proportion of children under 5 years of age whose births have been registered with a civil authority, by age	No data
16.10.1 Number of verified cases of killing, kidnapping, enforced disappearance, arbitrary detention and torture of journalists, associated media personnel, trade unionists and human rights advocates in the previous 12 months	No data
16.b.1 Proportion of population reporting having personally felt discriminated against or harassed in the previous 12 months on the basis of a ground of discrimination prohibited under international human rights law	No data

## Goal 17. Strengthen the means of implementation and revitalize the Global Partnership for Sustainable Development

17.8.1 Proportion of individuals using the Internet	No data
---	---------

### Additional Reproductive Health Indicators

Percentage of married women with unmet need for family planning	<b>12.9</b> (2016)
Percentage of births attended by trained health professional	<b>85.7</b> (2016)
Percentage of women aged 20-24 who gave birth before age 18	<b>22</b> (2009-2013)
Total fertility rate	<b>2.326</b> (2016)
Legal marital age for women, with parental consent	No data
Legal marital age for women, without parental consent	No data
Gender Inequalities Index (Value)	<b>0.52</b> (2017)
Gender Inequalities Index (Rank)	<b>127</b> (2017)
Mandatory paid maternity leave	<b>yes</b> (2016)
Median age	<b>26.6</b> (2015)
Population, urban (%)	<b>33.6</b> (2017)

Percentage of secondary school completion rate for girls

**0.53** (2013)

---

Gender parity in secondary education

**1.017** (2016)

---

Percentage of women in non-agricultural employment

**19.3** (2010)

---

Proportion of seats in parliament held by women

**11.6** (2017)

---

Sex ratio at birth (male to female births)

**1.11** (2017)
