### Gestational limit

**Weeks:** 12
- Penal Code (page 1)

### WHO Guidance

The following descriptions and recommendations were extracted from WHO guidance on safe abortion.

A woman is entitled to know the status of her pregnancy and to act on this information; health protection or social reasons can be interpreted to include distress of the pregnant woman caused by the diagnosis of fetal impairment. Prenatal tests and other medical diagnostic services cannot legally be refused because the woman may decide to terminate her pregnancy. Safe Abortion Guidelines, § 4.2.1.4.

**Source document:** WHO Safe Abortion Guidance (page 103)

Laws or policies that impose time limits on the length of pregnancy may have negative consequences for women, including forcing them to seek clandestine abortions and suffer social inequities. Safe Abortion Guidelines, § 4.2.1.7.

**Source document:** WHO Safe Abortion Guidance (page 102)

### Incest

**No**

**Related documents:**
- Penal Code (page 1)

### WHO Guidance

The following descriptions and recommendations were extracted from WHO guidance on safe abortion.

The protection of women from cruel, inhuman and degrading treatment requires that those who have become pregnant as the result of coerced or forced sexual acts can lawfully access safe abortion services. Prompt, safe abortion services should be provided on the basis of a woman's complaint rather than requiring forensic evidence or police examination. Safe Abortion Guidelines, § 4.2.1.3.

**Source document:** WHO Safe Abortion Guidance (page 102)

Laws or policies that impose time limits on the length of pregnancy may have negative consequences for women, including forcing them to seek clandestine abortions and suffer social inequities. Safe Abortion Guidelines, § 4.2.1.7.

### Judicial authorization in cases of rape

**Not specified**

When there is no explicit reference to an issue covered in the questionnaire in the relevant document(s), this is noted and no interpretation was made.

#### Related documents:
- Penal Code

### Police report required in case of rape

Yes

#### Related documents:
- Penal Code (page 1)

### Parental consent required for minors

Yes

#### Related documents:
- Penal Code (page 1)

### Can another adult consent in place of a parent?

Yes

Parental authorisation may be waived in case of an emergency. If parental consent is not obtained, or if the pregnancy is the result of a criminal act, then the procedure can be authorised by the Tribunal of the first instance.

#### Related documents:
- Penal Code (page 1)
**Age where consent not needed**

**Not specified**

When there is no explicit reference to an issue covered in the questionnaire in the relevant document(s), this is noted and no interpretation was made.

- Penal Code

**WHO Guidance**

The following descriptions and recommendations were extracted from WHO guidance on safe abortion.

Third-party authorization should not be required for women to obtain abortion services. The requirement for authorization by parents may violate the right to privacy and women’s access to health care on the basis of equality of men and women. Safe Abortion Guidelines, § 4.2.2.2.

[Source document: WHO Safe Abortion Guidance (page 105)]

---

**Spousal consent**

**Not specified**

When there is no explicit reference to an issue covered in the questionnaire in the relevant document(s), this is noted and no interpretation was made.

**WHO Guidance**

The following descriptions and recommendations were extracted from WHO guidance on safe abortion.

Third-party authorization should not be required for women to obtain abortion services. The requirement for authorization by a spouse may violate the right to privacy and women’s access to health care on the basis of equality of men and women. Safe Abortion Guidelines, § 4.2.2.2.

[Source document: WHO Safe Abortion Guidance (page 105)]

---

**Ultrasound images or listen to foetal heartbeat required**

**Not specified**

When there is no explicit reference to an issue covered in the questionnaire in the relevant document(s), this is noted and no interpretation was made.

**WHO Guidance**

The following descriptions and recommendations were extracted from WHO guidance on safe abortion.

Regulatory, policy and programmatic barriers, one example of which is the requirement for mandatory ultrasound prior to abortion, that hinder access to and timely provision of safe abortion care should be removed. Safe Abortion Guidelines, Executive Summary, Box 7 - Recommendation.

[Source document: WHO Safe Abortion Guidance (page 19)]

---

**Compulsory counselling**

**Not specified**

When there is no explicit reference to an issue covered in the questionnaire in the relevant document(s), this is noted and no interpretation was made.

**WHO Guidance**

The following descriptions and recommendations were extracted from WHO guidance on safe abortion.

Many women have made a decision to have an abortion before seeking care, and this decision should be respected without subjecting a woman to mandatory counselling. Provision of counselling to women who desire it should be voluntary, confidential, non-directive and by a trained person. Safe Abortion Guidelines, § 2.1.8.1.

No data found

National guidelines for induced abortion

The following descriptions and recommendations were extracted from WHO guidance on safe abortion.

Standards and guidelines should be developed and updated with the intent of eliminating barriers to obtaining the highest attainable standard of sexual and reproductive health. Safe Abortion Guidelines, § 3.3. Standards and guidelines should cover: types of abortion service, where and by whom they can be provided; essential equipment, instruments, medications, supplies and facility capabilities; referral mechanisms; respect for women’s informed decision-making, autonomy, confidentiality and privacy. Safe Abortion Guidelines, p. 63.

Source document: WHO Safe Abortion Guidance (page 75)

Methods allowed

Vacuum aspiration

No data found

Dilatation and evacuation

No data found

Combination mifepristone-misoprostol

No data found

Misoprostol only

No data found

Other (where provided)

The following descriptions and recommendations were extracted from WHO guidance on safe abortion.

Vacuum aspiration is the recommended technique of surgical abortion for pregnancies of up to 12 to 14 weeks of gestation. The procedure should not be routinely completed by dilatation and sharp curettage (D&C). Safe Abortion Guidelines, Executive Summary, Box 1-Recommendation.

Source document: WHO Safe Abortion Guidance (page 123)

Dilatation and evacuation (D&E) and medical methods (mifepristone and misoprostol; misoprostol alone) are both recommended methods for abortion for gestations over 12 to 14 weeks. Safe Abortion Guidelines, Executive Summary, Box 3-Recommendation.

Source document: WHO Safe Abortion Guidance (page 123)
The combination of mifepristone and misoprostol for medical abortion is included on the WHO model list of essential medicines. Safe Abortion Guidelines, § 2.2.5

Source document: WHO Safe Abortion Guidance (page 54)

Chemists/pharmacists can help women avoid unintended pregnancy through provision of accurate contraceptive information, pregnancy tests, contraceptive methods and referral to safe abortion services. Safe Abortion Guidelines, § 3.3.1.1.

Source document: WHO Safe Abortion Guidance (page 13)

Abortion services should be available at primary-care level, with referral systems in place for all required higher-level care. Safe Abortion Guidelines, Executive Summary, Box 2- Recommendation.

**WHO Guidance**

The following descriptions and recommendations were extracted from WHO guidance on safe abortion.

The facilities and skills required to manage most abortion complications are similar to those needed to care for women who have had a spontaneous abortion (miscarriage). Safe Abortion Guidelines § 2.2.6.

**Source document:** WHO Safe Abortion Guidance (page 75)

### Contraception included in post-abortion care

No data found

**WHO Guidance**

The following descriptions and recommendations were extracted from WHO guidance on safe abortion.

All women should receive contraceptive information and be offered counselling for and methods of post-abortion contraception, including emergency contraception, before leaving the health-care facility. Safe Abortion Guidelines, § 2.3.

**Source document:** WHO Safe Abortion Guidance (page 62)

### Insurance to offset end user costs

No data found

Other (if applicable)

**WHO Guidance**

The following descriptions and recommendations were extracted from WHO guidance on safe abortion.

Financing of abortion services should take into account costs to the health system while ensuring that services are affordable and readily available to all women who need them. Safe Abortion Guidelines, Executive Summary, Box 6 - Recommendation. Abortion services should be mandated for coverage under insurance plans; women should never be denied or delayed because of the inability to pay. Safe Abortion Guidelines, § 3.6.2.

**Source document:** WHO Safe Abortion Guidance (page 18)

Indicators

Country specific information related to sexual and reproductive health indications. As data for the Sustainable Development Goal (SDG) indicators related to sexual and reproductive health become available, these will be provided, through periodic updates.

---

**Goal 1. End poverty in all its forms everywhere**

1.1.1 Proportion of population below the international poverty line, by sex, age, employment status and geographical location (urban/rural)  
No data

1.3.1 Proportion of population covered by social protection floors/systems, by sex, distinguishing children, unemployed persons, older persons, persons with disabilities, pregnant women, newborns, work-injury victims and the poor and the vulnerable  
No data

1.a.2 Proportion of total government spending on essential services (education, health and social protection)  
No data

---

**Goal 3. Ensure healthy lives and promote well-being for all at all ages**

3.1.1 Maternal mortality ratio  
No data

3.1.2 Proportion of births attended by skilled health personnel  
No data

3.7.1 Proportion of women of reproductive age (aged 15-49 years) who have their need for family planning satisfied with modern methods  
No data

3.7.2 Adolescent birth rate (aged 10-14 years; aged 15-19 years) per 1,000 women in that age group  
No data

3.8.2 Number of people covered by health insurance or a public health system per 1,000 population  
No data

3.c.1 Health worker density and distribution  
No data

---

**Goal 4. Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all**

4.1.1 Proportion of children and young people: (a) in grades 2/3; (b) at the end of primary; and (c) at the end of lower secondary achieving at least a minimum proficiency level in (i) reading and (ii) mathematics, by sex  
No data

---

**Goal 5. Achieve gender equality and empower all women and girls**

5.1.1 Whether or not legal frameworks are in place to promote, enforce and monitor equality and nondiscrimination on the basis of sex  
No data

---

**WHO Guidance**

The following descriptions and recommendations were extracted from WHO guidance on safe abortion.

The respect, protection and fulfilment of human rights require that governments ensure abortion services, that are allowable by law, are accessible in practice. Safe Abortion Guidelines, § 4.2.2.5.

Source document: WHO Safe Abortion Guidance (page 106)
5.2.1 Proportion of ever-partnered women and girls aged 15 years and older subjected to physical, sexual or psychological violence by a current or former intimate partner in the previous 12 months, by form of violence and by age

5.2.2 Proportion of women and girls aged 15 years and older subjected to sexual violence by persons other than an intimate partner in the previous 12 months, by age and place of occurrence

5.3.1 Proportion of women aged 20-24 years who were married or in a union before age 15 and before age 18

5.3.2 Proportion of girls and women aged 15-49 years who have undergone female genital mutilation/cutting, by age

5.6.1 Proportion of women aged 15-49 years who make their own informed decisions regarding sexual relations, contraceptive use and reproductive health care

5.6.2 Number of countries with laws and regulations that guarantee women aged 15-49 years access to sexual and reproductive health care, information and education

5.a.1 (a) Proportion of total agricultural population with ownership or secure rights over agricultural land, by sex; and (b) share of women among owners or rights-bearers of agricultural land, by type of tenure

5.b.1 Proportion of individuals who own a mobile telephone, by sex

Goal 8. Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all

8.5.2 Unemployment rate, by sex, age and persons with disabilities

Goal 10. Reduce inequality within and among countries

10.2.1 Proportion of people living below 50 per cent of median income, by age, sex and persons with disabilities

10.3.1 Proportion of the population reporting having personally felt discriminated against or harassed within the previous 12 months on the basis of a ground of discrimination prohibited under international human rights law

Goal 16. Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels

16.1.3 Proportion of population subjected to physical, psychological or sexual violence in the previous 12 months

16.2.2 Number of victims of human trafficking per 100,000 population, by sex, age and form of exploitation

16.2.3 Proportion of young women and men aged 18-29 years who experienced sexual violence by age 18

16.3.1 Proportion of victims of violence in the previous 12 months who reported their victimization to competent authorities or other officially recognized conflict resolution mechanisms
16.5.1 Proportion of persons who had at least one contact with a public official and who paid a bribe to a public official, or were asked for a bribe by those public officials, during the previous 12 months

No data

16.6.1 Primary government expenditures as a proportion of original approved budget, by sector (or by budget codes or similar)

No data

16.6.2 Proportion of the population satisfied with their last experience of public services

No data

16.7.1 Proportions of positions (by sex, age, persons with disabilities and population groups) in public institutions (national and local legislatures, public service, and judiciary) compared to national distributions

No data

16.9.1 Proportion of children under 5 years of age whose births have been registered with a civil authority, by age

No data

16.10.1 Number of verified cases of killing, kidnapping, enforced disappearance, arbitrary detention and torture of journalists, associated media personnel, trade unionists and human rights advocates in the previous 12 months

No data

16.b.1 Proportion of population reporting having personally felt discriminated against or harassed in the previous 12 months on the basis of a ground of discrimination prohibited under international human rights law

No data

Goal 17. Strengthen the means of implementation and revitalize the Global Partnership for Sustainable Development

17.8.1 Proportion of individuals using the Internet

No data

Additional Reproductive Health Indicators

Percentage of married women with unmet need for family planning

No data

Percentage of births attended by trained health professional

No data

Percentage of women aged 20-24 who gave birth before age 18

No data
