Weeks: Viability

Act on Family Planning, Protection of the Human Foetus and Conditions for Termination of Pregnancy (page 3)

**WHO Guidance**

The following descriptions and recommendations were extracted from WHO guidance on safe abortion.

A woman is entitled to know the status of her pregnancy and to act on this information; health protection or social reasons can be interpreted to include distress of the pregnant woman caused by the diagnosis of fetal impairment. Prenatal tests and other medical diagnostic services cannot legally be refused because the woman may decide to terminate her pregnancy. Safe Abortion Guidelines, § 4.2.1.4.

**Gestational limit**

Weeks: less than 13 weeks

Act on Family Planning, Protection of the Human Foetus and Conditions for Termination of Pregnancy (page 3)

**WHO Guidance**

The following descriptions and recommendations were extracted from WHO guidance on safe abortion.

The protection of women from cruel, inhuman and degrading treatment requires that those who have become pregnant as the result of coerced or forced sexual acts can lawfully access safe abortion services. Prompt, safe abortion services should be provided on the basis of a woman’s complaint rather than requiring forensic evidence or police examination. Safe Abortion Guidelines, § 4.2.1.3.
### Incest

**Yes**

**Related documents:**
- Act on Family Planning, Protection of the Human Foetus and Conditions for Termination of Pregnancy (page 3)

### Gestational limit

**Weeks:** less than 13 weeks

**Related documents:**
- Act on Family Planning, Protection of the Human Foetus and Conditions for Termination of Pregnancy (page 3)

### WHO Guidance

The following descriptions and recommendations were extracted from WHO guidance on safe abortion.

The protection of women from cruel, inhuman and degrading treatment requires that those who have become pregnant as the result of coerced or forced sexual acts can lawfully access safe abortion services. Prompt, safe abortion services should be provided on the basis of a woman's complaint rather than requiring forensic evidence or police examination. Safe Abortion Guidelines, § 4.2.1.3.

**Source document:** WHO Safe Abortion Guidance (page 102)

Laws or policies that impose time limits on the length of pregnancy may have negative consequences for women, including forcing them to seek clandestine abortions and suffer social inequities. Safe Abortion Guidelines, § 4.2.1.7.

**Source document:** WHO Safe Abortion Guidance (page 103)

### Intellectual or cognitive disability of the woman

**No**

**Related documents:**
- Act on Family Planning, Protection of the Human Foetus and Conditions for Termination of Pregnancy (page 3)
- Criminal Code (page 46)

### Mental health

**No**

**Related documents:**
- Act on Family Planning, Protection of the Human Foetus and Conditions for Termination of Pregnancy (page 3)
- Criminal Code (page 46)

### WHO Guidance

The following descriptions and recommendations were extracted from WHO guidance on safe abortion.

The scope of mental health includes psychological distress or mental suffering caused by, for example, coerced or forced sexual acts and diagnosis of severe fetal impairment. Safe Abortion Guidelines, § 4.2.1.2.

**Source document:** WHO Safe Abortion Guidance (page 102)

### Physical health

**No**

**Related documents:**
- Act on Family Planning, Protection of the Human Foetus and Conditions for Termination of Pregnancy (page 3)
- Criminal Code (page 46)

### WHO Guidance

The following descriptions and recommendations were extracted from WHO guidance on safe abortion.

Physical health is widely understood to include conditions that aggravate pregnancy and those aggravated by pregnancy. Safe Abortion Guidelines, § 4.2.1.2.

**Source document:** WHO Safe Abortion Guidance (page 102)

### Health

**Yes**

**Related documents:**
- Act on Family Planning, Protection of the Human Foetus and Conditions for Termination of Pregnancy (page 3)
Additional Requirements to Access Safe Abortion

### Authorization of health professional(s)
- **Yes**

**Related documents:**
- Act on Family Planning, Protection of the Human Foetus and Conditions for Termination of Pregnancy (page 3)

### Number and cadre of health-care professional authorizations required
- 1
  - Doctor (Specialty Not Specified)

In case of risk to life or health or foetal impairment, the authorisation of a physician other than the one performing the abortion is needed. In case of a pregnancy resulting from a prohibited act, the statement of a prosecutor is required.

**Related documents:**
- Act on Family Planning, Protection of the Human Foetus and Conditions for Termination of Pregnancy (page 3)
Authorization in specially licensed facilities only

- **Not specified**

  When there is no explicit reference to an issue covered in the questionnaire in the relevant document(s), this is noted and no interpretation was made.

 Related documents:

- Act on Family Planning, Protection of the Human Foetus and Conditions for Termination of Pregnancy

### WHO Guidance

The following descriptions and recommendations were extracted from WHO guidance on safe abortion.

Restrictions on the range of providers or facilities that are authorized to provide abortion reduce the availability of services and their equitable geographic distribution. Safe Abortion Guidelines, § 4.2.2.4.

- **Source document**: WHO Safe Abortion Guidance (page 106)

Judicial authorization for minors

- **Not specified**

  When there is no explicit reference to an issue covered in the questionnaire in the relevant document(s), this is noted and no interpretation was made.

 Related documents:

- Act on Family Planning, Protection of the Human Foetus and Conditions for Termination of Pregnancy (page 3)

### WHO Guidance

The following descriptions and recommendations were extracted from WHO guidance on safe abortion.

Third-party authorization should not be required for women to obtain abortion services. Safe Abortion Guidelines, § 4.2.2.

- **Source document**: WHO Safe Abortion Guidance (page 105)

### Additional notes

Parental consent is required and, if not obtained, judicial authorization of the custody court is required for minors. For girls, under the age of 13, judicial authorization is required in addition to parental consent.

Judicial authorization in cases of rape

- **Not specified**

  When there is no explicit reference to an issue covered in the questionnaire in the relevant document(s), this is noted and no interpretation was made.

 Related documents:

- Act on Family Planning, Protection of the Human Foetus and Conditions for Termination of Pregnancy

### WHO Guidance

The following descriptions and recommendations were extracted from WHO guidance on safe abortion.

Laws, policies and practices that restrict access to abortion information and services can deter women from care seeking and create a “chilling effect” (suppression of actions because of fear of reprisals or penalties) for the provision of safe, legal services. Examples of barriers include: requiring third-party authorization from one or more medical professionals or a hospital committee, court or police, parent or guardian or a woman’s partner or spouse. Safe Abortion Guidelines, § 4.2.2

- **Source document**: WHO Safe Abortion Guidance (page 104)

### Additional notes

A certificate/authorization from a prosecutor is required.

 Related documents:

- Act on Family Planning, Protection of the Human Foetus and Conditions for Termination of Pregnancy (page 3)
Police report required in case of rape

Not specified

When there is no explicit reference to an issue covered in the questionnaire in the relevant document(s), this is noted and no interpretation was made.

Related documents:
- Act on Family Planning, Protection of the Human Foetus and Conditions for Termination of Pregnancy

Clinical and Service-delivery Aspects of Abortion Care

**National guidelines for induced abortion**

No data found

---

**WHO Guidance**

The following descriptions and recommendations were extracted from WHO guidance on safe abortion.

Standards and guidelines should be developed and updated with the intent of eliminating barriers to obtaining the highest attainable standard of sexual and reproductive health. Safe Abortion Guidelines, § 3.3. Standards and guidelines should cover: types of abortion service, where and by whom they can be provided; essential equipment, instruments, medications, supplies and facility capabilities; referral mechanisms; respect for women’s informed decision-making, autonomy, confidentiality and privacy. Safe Abortion Guidelines, p. 63.

---

**WHO Guidance**

Vacuum aspiration is the recommended technique of surgical abortion for pregnancies of up to 12 to 14 weeks of gestation. The procedure should not be routinely completed by dilatation and sharp curettage (D&C). Safe Abortion Guidelines, Executive Summary, Box 1- Recommendation.

Source document: WHO Safe Abortion Guidance (page 123)

Dilatation and evacuation (D&E) and medical methods (mifepristone and misoprostol; misoprostol alone) are both recommended methods for abortion for gestations over 12 to 14 weeks. Safe Abortion Guidelines, Executive Summary, Box 3- Recommendation.

Source document: WHO Safe Abortion Guidance (page 123)

The recommended method for medical abortion is mifepristone followed by misoprostol (regimen differs by gestational age). Safe Abortion Guidelines, Executive Summary, Box 2- Recommendation.

Source document: WHO Safe Abortion Guidance (page 13)

Where mifepristone is not available, the recommended method for medical abortion is misoprostol (regimen differs by gestational age). Safe Abortion Guidelines, Executive Summary, Box 2- Recommendation.

Source document: WHO Safe Abortion Guidance (page 14)

---

**Country recognized approval (mifepristone / mife-misoprostol)**

No

**Related documents:**

- Announcement of the President of the Office for Registration of Medicinal Products, Medical Devices and Biocidal Products (page 1)

---

**WHO Guidance**

The combination of mifepristone and misoprostol for medical abortion is included on the WHO model list of essential medicines. Safe Abortion Guidelines, § 2.2.5

Source document: WHO Safe Abortion Guidance (page 54)

Chemists/pharmacists can help women avoid unintended pregnancy through provision of accurate contraceptive information, pregnancy tests, contraceptive methods and referral to safe abortion services. Safe Abortion Guidelines, § 3.3.1.1.

**WHO Guidance**

The following descriptions and recommendations were extracted from WHO guidance on safe abortion.

The facilities and skills required to manage most abortion complications are similar to those needed to care for women who have had a spontaneous abortion (miscarriage). Safe Abortion Guidelines § 2.2.6.

**Contraception included in post-abortion care**

- Yes

**Related documents:**

- Act on Family Planning, Protection of the Human Foetus and Conditions for Termination of Pregnancy (page 4)

**WHO Guidance**

The following descriptions and recommendations were extracted from WHO guidance on safe abortion.

All women should receive contraceptive information and be offered counselling for and methods of post-abortion contraception, including emergency contraception, before leaving the health-care facility. Safe Abortion Guidelines, § 2.3.

**Insurance to offset end user costs**

- Yes

**Related documents:**

- Act on Family Planning, Protection of the Human Foetus and Conditions for Termination of Pregnancy (page 4)

**Induced abortion for all women**

- Yes

Abortion is covered in public hospitals for all women who are insured or qualify for free healthcare services.

- Act on Family Planning, Protection of the Human Foetus and Conditions for Termination of Pregnancy (page 4)

**Induced abortion for poor women only**

- No

**Abortion complications**

- Not specified

- Act on Family Planning, Protection of the Human Foetus and Conditions for Termination of Pregnancy

**Private health coverage**

- Not specified

- Act on Family Planning, Protection of the Human Foetus and Conditions for Termination of Pregnancy

**Other (if applicable)**
The following descriptions and recommendations were extracted from WHO guidance on safe abortion.

Financing of abortion services should take into account costs to the health system while ensuring that services are affordable and readily available to all women who need them. Safe Abortion Guidelines, Executive Summary, Box 6 - Recommendation. Abortion services should be mandated for coverage under insurance plans; women should never be denied or delayed because of the inability to pay. Safe Abortion Guidelines, § 3.6.2.

Indicators

Country specific information related to sexual and reproductive health indications. As data for the Sustainable Development Goal (SDG) indicators related to sexual and reproductive health become available, these will be provided, through periodic updates.

Goal 1. End poverty in all its forms everywhere

1.1.1 Proportion of population below the international poverty line, by sex, age, employment status and geographical location (urban/rural)  
No data

1.3.1 Proportion of population covered by social protection floors/systems, by sex, distinguishing children, unemployed persons, older persons, persons with disabilities, pregnant women, newborns, work-injury victims and the poor and the vulnerable  
No data

1.a.2 Proportion of total government spending on essential services (education, health and social protection)  
No data

Goal 3. Ensure healthy lives and promote well-being for all at all ages

3.1.1 Maternal mortality ratio  
2 (2017)

3.1.2 Proportion of births attended by skilled health personnel  
No data

3.7.1 Proportion of women of reproductive age (aged 15-49 years) who have their need for family planning satisfied with modern methods  
No data

3.7.2 Adolescent birth rate (aged 10-14 years; aged 15-19 years) per 1,000 women in that age group  
12.7 (2015-2020)

3.8.2 Number of people covered by health insurance or a public health system per 1,000 population  
No data

3.c.1 Health worker density and distribution  
No data

Neither Type of Facility Permitted

Not specified

When there is no explicit reference to an issue covered in the questionnaire in the relevant document(s), this is noted and no interpretation was made.

WHO Guidance

The following descriptions and recommendations were extracted from WHO guidance on safe abortion.

The respect, protection and fulfilment of human rights require that governments ensure abortion services, that are allowable by law, are accessible in practice. Safe Abortion Guidelines, § 4.2.2.5.

Source document: WHO Safe Abortion Guidance (page 106)
Goal 4. Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all

4.1.1 Proportion of children and young people: (a) in grades 2/3; (b) at the end of primary; and (c) at the end of lower secondary achieving at least a minimum proficiency level in (i) reading and (ii) mathematics, by sex

No data

Goal 5. Achieve gender equality and empower all women and girls

5.1.1 Whether or not legal frameworks are in place to promote, enforce and monitor equality and nondiscrimination on the basis of sex

No data

5.2.1 Proportion of ever-partnered women and girls aged 15 years and older subjected to physical, sexual or psychological violence by a current or former intimate partner in the previous 12 months, by form of violence and by age

No data

5.2.2 Proportion of women and girls aged 15 years and older subjected to sexual violence by persons other than an intimate partner in the previous 12 months, by age and place of occurrence

No data

5.3.1 Proportion of women aged 20-24 years who were married or in a union before age 15 and before age 18

No data

5.3.2 Proportion of girls and women aged 15-49 years who have undergone female genital mutilation/cutting, by age

No data

5.6.1 Proportion of women aged 15-49 years who make their own informed decisions regarding sexual relations, contraceptive use and reproductive health care

No data

5.6.2 Number of countries with laws and regulations that guarantee women aged 15-49 years access to sexual and reproductive health care, information and education

No data

5.a.1 (a) Proportion of total agricultural population with ownership or secure rights over agricultural land, by sex; and (b) share of women among owners or rights-bearers of agricultural land, by type of tenure

No data

5.b.1 Proportion of individuals who own a mobile telephone, by sex

No data

Goal 8. Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all

8.5.2 Unemployment rate, by sex, age and persons with disabilities

No data

Goal 10. Reduce inequality within and among countries

10.2.1 Proportion of people living below 50 per cent of median income, by age, sex and persons with disabilities

No data

10.3.1 Proportion of the population reporting having personally felt discriminated against or harassed within the previous 12 months on the basis of a ground of discrimination prohibited under international human rights law

No data

Goal 16. Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels
