### Gestational limit

**Weeks:** 22

### WHO Guidance

The following descriptions and recommendations were extracted from WHO guidance on safe abortion.

WHO defines health for member states as a state of complete physical, mental and social well-being and not merely the absence of disease or infirmity. Safe Abortion Guidelines, § 4.2.1.5.

**Source document:** WHO Safe Abortion Guidance (page 103)

Laws or policies that impose time limits on the length of pregnancy may have negative consequences for women, including forcing them to seek clandestine abortions and suffer social inequities. Safe Abortion Guidelines, § 4.2.1.7.

**Source document:** WHO Safe Abortion Guidance (page 103)

### Foetal impairment

**Not specified**

When there is no explicit reference to an issue covered in the questionnaire in the relevant document(s), this is noted and no interpretation was made.

**Related documents:**

### WHO Guidance

The following descriptions and recommendations were extracted from WHO guidance on safe abortion.

A woman is entitled to know the status of her pregnancy and to act on this information; health protection or social reasons can be interpreted to include distress of the pregnant woman caused by the diagnosis of fetal impairment. Prenatal tests and other medical diagnostic services cannot legally be refused because the woman may decide to terminate her pregnancy. Safe Abortion Guidelines, § 4.2.1.4.

**Source document:** WHO Safe Abortion Guidance (page 103)

### Rape

**Not specified**

When there is no explicit reference to an issue covered in the questionnaire in the relevant document(s), this is noted and no interpretation was made.

**Related documents:**

### WHO Guidance

The following descriptions and recommendations were extracted from WHO guidance on safe abortion.

The protection of women from cruel, inhuman and degrading treatment requires that those who have become pregnant as the result of coerced or forced sexual acts can lawfully access safe abortion services. Prompt, safe abortion services should be provided on the basis of a woman’s complaint rather than requiring forensic evidence or police examination. Safe Abortion Guidelines, § 4.2.1.3.

**Source document:** WHO Safe Abortion Guidance (page 102)
Incest

Not specified

When there is no explicit reference to an issue covered in the questionnaire in the relevant document(s), this is noted and no interpretation was made.

**Related documents:**  

**WHO Guidance**  
The following descriptions and recommendations were extracted from WHO guidance on safe abortion.  
Third-party authorization should not be required for women to obtain abortion services. The requirement for authorization by hospital authorities may violate the right to privacy and women’s access to health care on the basis of equality of men and women. Safe Abortion Guidelines, § 4.2.2.2.  

**Source document:** WHO Safe Abortion Guidance (page 105)
### Judicial authorization for minors

**Not specified**

When there is no explicit reference to an issue covered in the questionnaire in the relevant document(s), this is noted and no interpretation was made.

### Judicial authorization in cases of rape

**Not applicable**

### Police report required in case of rape

**Not applicable**

### Parental consent required for minors

**Yes**

**Related documents:**

**Can another adult consent in place of a parent?**

**Yes**

The Law on Reproductive Health and Rights states: "Induced abortion at the request of the minor with the consent of her parents or other legal representatives, and if this is not possible on the basis of the medical commission of the protocol."

- Law of Armenia Republic on Medical Care Approved March 4, 1996

**Age where consent not needed**

**18**

---

**Restrictions on the range of providers or facilities that are authorized to provide abortion reduce the availability of services and their equitable geographic distribution. Safe Abortion Guidelines, § 4.2.2.4.**

**Third-party authorization should not be required for women to obtain abortion services. Safe Abortion Guidelines, § 4.2.2.**

**Source document:** WHO Safe Abortion Guidance (page 105)

**Not applicable**

**WHO Guidance**

The following descriptions and recommendations were extracted from WHO guidance on safe abortion.

Laws, policies and practices that restrict access to abortion information and services can deter women from care seeking and create a "chilling effect" (suppression of actions because of fear of reprisals or penalties) for the provision of safe, legal services. Examples of barriers include: requiring third-party authorization from one or more medical professionals or a hospital committee, court or police, parent or guardian or a woman's partner or spouse. Safe Abortion Guidelines, § 4.2.2

**Source document:** WHO Safe Abortion Guidance (page 104)

  Approved 11.12.2002

### Prohibition of sex-selective abortion

Source document: WHO Safe Abortion Guidance (page 88)

**Yes**

The following descriptions and recommendations were extracted from WHO guidance on safe abortion.

In situations where abortion is restricted for sex selection purposes, terminating a pregnancy for this reason is likely to involve an unsafe procedure carrying high risks. Any policies or guidelines on the use of technology in obstetric and fetal medicine should take into account the need to ensure women’s access to safe abortion and other services - efforts to manage or limit sex selection should also not hamper or limit access to safe abortion services. Preventing gender-biased sex selection: an interagency statement, p 10 - Recommendation.

Source document: Preventing Gender-Biased Sex Selection (page 17)

Additional notes

There is an exception noted for sex-linked inheritable diseases.

National guidelines for induced abortion

No data found

WHO Guidance

The following descriptions and recommendations were extracted from WHO guidance on safe abortion.

Standards and guidelines should be developed and updated with the intent of eliminating barriers to obtaining the highest attainable standard of sexual and reproductive health. Safe Abortion Guidelines, § 3.3. Standards and guidelines should cover: types of abortion service, where and by whom they can be provided; essential equipment, instruments, medications, supplies and facility capabilities; referral mechanisms; respect for women’s informed decision-making, autonomy, confidentiality and privacy. Safe Abortion Guidelines, p. 63.

Source document: WHO Safe Abortion Guidance (page 75)

Methods allowed

Vacuum aspiration

No data found

Dilatation and evacuation

No data found

Combination mifepristone-misoprostol

No data found

Misoprostol only

No data found

Other (where provided)

WHO Guidance

The following descriptions and recommendations were extracted from WHO guidance on safe abortion.

Vacuum aspiration is the recommended technique of surgical abortion for pregnancies of up to 12 to 14 weeks of gestation. The procedure should not be routinely completed by dilatation and sharp curettage (D&C). Safe Abortion Guidelines, Executive Summary, Box 1- Recommendation.

Source document: WHO Safe Abortion Guidance (page 123)

Dilatation and evacuation (D&E) and medical methods (mifepristone and misoprostol; misoprostol alone) are both recommended methods for abortion for gestations over 12 to 14 weeks. Safe Abortion Guidelines, Executive Summary, Box 3- Recommendation.

Source document: WHO Safe Abortion Guidance (page 123)

The recommended method for medical abortion is mifepristone followed by misoprostol (regimen differs by gestational age). Safe Abortion Guidelines, Executive Summary, Box 2- Recommendation.

Indicators

Country specific information related to sexual and reproductive health indications. As data for the Sustainable Development Goal (SDG) indicators related to sexual and reproductive health become available, these will be provided, through periodic updates.

Goal 1. End poverty in all its forms everywhere

1.1.1 Proportion of population below the international poverty line, by sex, age, employment status and geographical location (urban/rural)

No data

1.3.1 Proportion of population covered by social protection floors/systems, by sex, distinguishing children, unemployed persons, older persons, persons with disabilities, pregnant women, newborns, work-injury victims and the poor and the vulnerable

No data

1.1.2 Proportion of total government spending on essential services (education, health and social protection)

No data

Goal 3. Ensure healthy lives and promote well-being for all at all ages

3.1.1 Maternal mortality ratio

25 (2015)

3.1.2 Proportion of births attended by skilled health personnel

No data

3.1.2 Proportion of births attended by skilled health personnel

No data

3.7.1 Proportion of women of reproductive age (aged 15-49 years) who have their need for family planning satisfied with modern methods

No data

3.7.2 Adolescent birth rate (aged 10-14 years; aged 15-19 years) per 1,000 women in that age group

23.2 (2015-2020)

3.8.2 Number of people covered by health insurance or a public health system per 1,000 population

No data

3.c.1 Health worker density and distribution

No data

Goal 4. Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all

4.1.1 Proportion of children and young people: (a) in grades 2/3; (b) at the end of primary; and (c) at the end of lower secondary achieving at least a minimum proficiency level in (i) reading and (ii) mathematics, by sex

No data

The respect, protection and fulfilment of human rights require that governments ensure abortion services, that are allowable by law, are accessible in practice. Safe Abortion Guidelines, § 4.2.2.5.

Source document: WHO Safe Abortion Guidance (page 106)
Goal 5. Achieve gender equality and empower all women and girls

5.1.1 Whether or not legal frameworks are in place to promote, enforce and monitor equality and nondiscrimination on the basis of sex

5.2.1 Proportion of ever-partnered women and girls aged 15 years and older subjected to physical, sexual or psychological violence by a current or former intimate partner in the previous 12 months, by form of violence and by age

5.2.2 Proportion of women and girls aged 15 years and older subjected to sexual violence by persons other than an intimate partner in the previous 12 months, by age and place of occurrence

5.3.1 Proportion of women aged 20-24 years who were married or in a union before age 15 and before age 18

5.3.2 Proportion of girls and women aged 15-49 years who have undergone female genital mutilation/cutting, by age

5.6.1 Proportion of women aged 15-49 years who make their own informed decisions regarding sexual relations, contraceptive use and reproductive health care

5.6.2 Number of countries with laws and regulations that guarantee women aged 15-49 years access to sexual and reproductive health care, information and education

5.a.1 (a) Proportion of total agricultural population with ownership or secure rights over agricultural land, by sex; and (b) share of women among owners or rights-bearers of agricultural land, by type of tenure

5.b.1 Proportion of individuals who own a mobile telephone, by sex

Goal 8. Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all

8.5.2 Unemployment rate, by sex, age and persons with disabilities

Goal 10. Reduce inequality within and among countries

10.2.1 Proportion of people living below 50 per cent of median income, by age, sex and persons with disabilities

10.3.1 Proportion of the population reporting having personally felt discriminated against or harassed within the previous 12 months on the basis of a ground of discrimination prohibited under international human rights law

Goal 16. Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels

16.1.3 Proportion of population subjected to physical, psychological or sexual violence in the previous 12 months

16.2.2 Number of victims of human trafficking per 100,000 population, by sex, age and form of exploitation
16.2.3 Proportion of young women and men aged 18-29 years who experienced sexual violence by age 18

16.3.1 Proportion of victims of violence in the previous 12 months who reported their victimization to competent authorities or other officially recognized conflict resolution mechanisms

16.5.1 Proportion of persons who had at least one contact with a public official and who paid a bribe to a public official, or were asked for a bribe by those public officials, during the previous 12 months

16.6.1 Primary government expenditures as a proportion of original approved budget, by sector (or by budget codes or similar)

16.6.2 Proportion of the population satisfied with their last experience of public services

16.7.1 Proportions of positions (by sex, age, persons with disabilities and population groups) in public institutions (national and local legislatures, public service, and judiciary) compared to national distributions

16.9.1 Proportion of children under 5 years of age whose births have been registered with a civil authority, by age

16.10.1 Number of verified cases of killing, kidnapping, enforced disappearance, arbitrary detention and torture of journalists, associated media personnel, trade unionists and human rights advocates in the previous 12 months

16.b.1 Proportion of population reporting having personally felt discriminated against or harassed in the previous 12 months on the basis of a ground of discrimination prohibited under international human rights law

Goal 17. Strengthen the means of implementation and revitalize the Global Partnership for Sustainable Development

17.8.1 Proportion of individuals using the Internet
