Additional Requirements to Access Safe Abortion

<p>Authorization of health professional(s)</p>	<p>Yes</p> <p>Related documents:</p> <ul style="list-style-type: none"> • The Right to Safe Motherhood and Reproductive Health Act, 2018 (page 7) • Comprehensive Abortion Care Integrated Reference Manual, 2015 (page 20) • Penal Code, 2017 (page 120) • National Safe Abortion Policy, 2003 (page 6) <p>Number and cadre of health-care professional authorizations required</p> <p>1</p> <p>The texts provide differing descriptions, but include medical practitioner, licensed doctor, expert physician, or expert.</p> <ul style="list-style-type: none"> • The Right to Safe Motherhood and Reproductive Health Act, 2018 (page 7) • Penal Code, 2017 (page 120) <p> WHO Guidance</p> <p>The following descriptions and recommendations were extracted from WHO guidance on safe abortion.</p> <p>Third-party authorization should not be required for women to obtain abortion services. The requirement for authorization by hospital authorities may violate the right to privacy and women’s access to health care on the basis of equality of men and women. Safe Abortion Guidelines, § 4.2.2.2.</p> <p>↓ Source document: WHO Safe Abortion Guidance (page 105)</p> <p> Additional notes</p> <p>The sources use different language to describe the requirements women seeking an abortion need to meet. The Safe Abortion Policy refers to “with the advice of a medical practitioner” for abortions at any time during the pregnancy, including particularly after 18 weeks of gestation. The Comprehensive Abortion Care Integrated Reference Manual refers to “the certification of an expert physician.” The references in the General Code is: “on the advice of an expert pursuant to the prevailing law that if abortion is not carried out, the life of such a woman may be in danger or the physical or mental health may be deteriorated or a disabled child may be born.” According to The Right to Safe Motherhood and Reproductive Health Act 2018 women have access to abortion with their consent in cases of fetal abnormality “as per the opinion of the health worker involved in the treatment that damage may occur in the womb due to defects occurred in the fetus (gestation), or that there is such defect in the fetus of the womb that it cannot live even after the birth, that there is condition of disability in the fetus (gestation) due to genetic defect or any other cause. As per the penal code, “the opinion of a licensed doctor” is needed.</p>

Indicators

Country specific information related to sexual and reproductive health indications. As data for the Sustainable Development Goal (SDG) indicators related to sexual and reproductive health become available, these will be provided, through periodic updates.

Goal 1. End poverty in all its forms everywhere

1.1.1 Proportion of population below the international poverty line, by sex, age, employment status and geographical location (urban/rural)	No data
1.3.1 Proportion of population covered by social protection floors/systems, by sex, distinguishing children, unemployed persons, older persons, persons with disabilities, pregnant women, newborns, work-injury victims and the poor and the vulnerable	No data
1.a.2 Proportion of total government spending on essential services (education, health and social protection)	No data

Goal 3. Ensure healthy lives and promote well-being for all at all ages

3.1.1 Maternal mortality ratio	186 (2017)
3.1.2 Proportion of births attended by skilled health personnel	No data
3.7.1 Proportion of women of reproductive age (aged 15-49 years) who have their need for family planning satisfied with modern methods	No data
3.7.2 Adolescent birth rate (aged 10-14 years; aged 15-19 years) per 1,000 women in that age group	60.5 (2015-2020)
3.8.2 Number of people covered by health insurance or a public health system per 1,000 population	No data
3.c.1 Health worker density and distribution	No data

Goal 4. Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all

4.1.1 Proportion of children and young people: (a) in grades 2/3; (b) at the end of primary; and (c) at the end of lower secondary achieving at least a minimum proficiency level in (i) reading and (ii) mathematics, by sex	No data
---	---------

Goal 5. Achieve gender equality and empower all women and girls

5.1.1 Whether or not legal frameworks are in place to promote, enforce and monitor equality and nondiscrimination on the basis of sex	No data
5.2.1 Proportion of ever-partnered women and girls aged 15 years and older subjected to physical, sexual or psychological violence by a current or former intimate partner in the previous 12 months, by form of violence and by age	No data
5.2.2 Proportion of women and girls aged 15 years and older subjected to sexual violence by persons other than an intimate partner in the previous 12 months, by age and place of occurrence	No data
5.3.1 Proportion of women aged 20-24 years who were married or in a union before age 15 and before age 18	No data

5.3.2 Proportion of girls and women aged 15-49 years who have undergone female genital mutilation/cutting, by age	No data
5.6.1 Proportion of women aged 15-49 years who make their own informed decisions regarding sexual relations, contraceptive use and reproductive health care	No data
5.6.2 Number of countries with laws and regulations that guarantee women aged 15- 49 years access to sexual and reproductive health care, information and education	No data
5.a.1 (a) Proportion of total agricultural population with ownership or secure rights over agricultural land, by sex; and (b) share of women among owners or rights-bearers of agricultural land, by type of tenure	No data
5.b.1 Proportion of individuals who own a mobile telephone, by sex	No data
Goal 8. Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all	
8.5.2 Unemployment rate, by sex, age and persons with disabilities	No data
Goal 10. Reduce inequality within and among countries	
10.2.1 Proportion of people living below 50 per cent of median income, by age, sex and persons with disabilities	No data
10.3.1 Proportion of the population reporting having personally felt discriminated against or harassed within the previous 12 months on the basis of a ground of discrimination prohibited under international human rights law	No data
Goal 16. Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels	
16.1.3 Proportion of population subjected to physical, psychological or sexual violence in the previous 12 months	No data
16.2.2 Number of victims of human trafficking per 100,000 population, by sex, age and form of exploitation	No data
16.2.3 Proportion of young women and men aged 18-29 years who experienced sexual violence by age 18	No data
16.3.1 Proportion of victims of violence in the previous 12 months who reported their victimization to competent authorities or other officially recognized conflict resolution mechanisms	No data
16.5.1 Proportion of persons who had at least one contact with a public official and who paid a bribe to a public official, or were asked for a bribe by those public officials, during the previous 12 months	No data
16.6.1 Primary government expenditures as a proportion of original approved budget, by sector (or by budget codes or similar)	No data
16.6.2 Proportion of the population satisfied with their last experience of public services	No data
16.7.1 Proportions of positions (by sex, age, persons with disabilities and population groups) in public institutions (national and local legislatures, public service, and judiciary) compared to national distributions	No data
16.9.1 Proportion of children under 5 years of age whose births have been registered with a civil authority, by age	No data
16.10.1 Number of verified cases of killing, kidnapping, enforced disappearance, arbitrary detention and torture of journalists, associated media personnel, trade unionists and human rights advocates in the previous 12 months	No data
16.b.1 Proportion of population reporting having personally felt discriminated against or harassed in the previous 12 months on the basis of a ground of discrimination prohibited under international human rights law	No data
Goal 17. Strengthen the means of implementation and revitalize the Global Partnership for Sustainable Development	
17.8.1 Proportion of individuals using the Internet	No data

Additional Reproductive Health Indicators

Percentage of married women with unmet need for family planning	23.7 (2016)
Percentage of births attended by trained health professional	58 (2017)
Percentage of women aged 20-24 who gave birth before age 18	19 (2009-2013)
Total fertility rate	1.917 (2018)
Legal marital age for women, with parental consent	No data
Legal marital age for women, without parental consent	20 (2009-2017)
Gender Inequalities Index (Value)	.048 (2017)
Gender Inequalities Index (Rank)	118 (2017)
Mandatory paid maternity leave	no (2020)
Median age	24.6 (2020)
Population, urban (%)	19.74 (2018)
Percentage of secondary school completion rate for girls	0.45 (2013)
Gender parity in secondary education	1.073 (2019)
Percentage of women in non-agricultural employment	73.4100037 (2017)
Proportion of seats in parliament held by women	29.6 (2017)
Sex ratio at birth (male to female births)	1.07 (2018)
