Where there is a specific Recommendation, this is stated. Otherwise, these are excerpts.</p> <p>Health grounds shall reflect WHO's definitions of health, which entails a state of complete physical, mental and social well-being and not merely the absence of disease or infirmity. Abortion Care Guideline § 2.2.2.</p> <p>↓ <b>Source document:</b> <a href="#">WHO Abortion Care Guideline (page 16)</a></p> <p>Laws or policies that impose time limits on the length of pregnancy may have negative consequences for women, including forcing them to seek clandestine abortions and suffer social inequities. Safe Abortion Guidelines, § 4.2.1.7.</p> <p>↓ <b>Source document:</b> <a href="#">WHO Abortion Care Guideline (page 103)</a></p> <p> <b>Additional notes</b></p> <p>The social indications include the following: the death of her husband during pregnancy; the woman or her husband being in prison; persons deprived of their right to motherhood; four or more existing children; divorce during this pregnancy; pregnancy after rape; pregnancy in adolescents under 17 years of age; women or husband are disabled; the presence of a disabled child in the family; malformations in the foetus confirmed by ultrasound. If the woman has other grounds for non-medical termination pregnancy her case is addressed by a Commission on an individual basis.</p>   |
| <p><b>Foetal impairment</b></p>          | <p>Yes</p> <p><b>Related documents:</b></p> <ul style="list-style-type: none"> <li>• <a href="#">Induced Abortion Standards, 2013 (page 34)</a></li> </ul> <p><b>Gestational limit</b></p> <p>Weeks: 22</p> <ul style="list-style-type: none"> <li>• <a href="#">Induced Abortion Standards, 2013 (page 34)</a></li> </ul> <p> <b>WHO Guidance</b></p> <p>The following descriptions were extracted from WHO Abortion Care Guideline. Where there is a specific Recommendation, this is stated. Otherwise, these are excerpts.</p> <p>Grounds-based approaches to restricting access to abortion should be revised in favour of making abortion available on the request of the woman, girl or other pregnant person. The Abortion Care Guideline recommends against laws and other regulations that restrict abortion by grounds. The guideline recommends abortion be available on the request of the woman, girl or other pregnant person.</p> <p>Until they are replaced with abortion on request, any existing grounds should be formulated and applied in a manner consistent with international human rights law. This requires that abortion is available when carrying a pregnancy to term would cause the woman, girl or other pregnant person substantial pain or suffering, including but not limited to situations where the pregnancy is not viable. Grounds-based approaches that require fetal impairments to be fatal for abortion to be lawful frustrate providers and leave women no choice but to continue with pregnancy. Being required to continue with a pregnancy that causes significant distress violates numerous human rights. Abortion Care Guideline § 2.2.2.</p> <p>↓ <b>Source document:</b> <a href="#">WHO Abortion Care Guideline (page 64)</a></p> <p>Laws or policies that impose time limits on the length of pregnancy may have negative consequences for women, including forcing them to seek clandestine abortions and suffer social inequities. **Methods allowed****Vacuum aspiration**

Yes (12 WEEKS)

- [Induced Abortion Standards, 2013 \(page 24\)](#)

**Dilatation and evacuation**

Not specified

- [Induced Abortion Standards, 2013](#)

**Combination mifepristone-misoprostol**

Yes (22 WEEKS)

- [Induced Abortion Standards, 2013 \(page 2\)](#)

**Misoprostol only**

Not specified

- [Induced Abortion Standards, 2013](#)

**Other (where provided)****WHO Guidance**

The following descriptions were extracted from WHO Abortion Care Guideline. Where there is a specific Recommendation, this is stated. Otherwise, these are excerpts.

Vacuum aspiration is recommended for surgical abortions at or under 14 weeks to be provided by traditional and complementary medicine professionals, nurses, midwives, associate/advanced associate clinicians, generalist medical practitioners and specialist medical practitioners.

The Abortion Care Guideline recommends against the practice of dilatation and sharp curettage (D&C), including for sharp curette checks (i.e. to “complete” the abortion) following vacuum aspiration. Abortion Care Guideline § 3.4.1.

↓ **Source document:** [WHO Abortion Care Guideline \(page 101\)](#)

Dilation and evacuation (D&E) is recommended for surgical abortions at or over 14 weeks to be provided by generalist medical practitioners and specialist medical practitioners. Vacuum aspiration can be used during a D&E. Abortion Care Guideline § 3.4.1.

↓ **Source document:** [WHO Abortion Care Guideline \(page 103\)](#)

The recommended method for medical abortion is mifepristone followed by misoprostol (regimen differs by gestational age). Abortion Care Guideline § 3.4.2.

↓ **Source document:** [WHO Abortion Care Guideline \(page 106\)](#)

The Abortion Care Guideline recommends the use of misoprostol alone, with a regime that differs by gestational age. Evidence demonstrates that the use of combination mifepristone plus misoprostol is more effective than misoprostol alone. Abortion Care Guideline § 3.4.2.

↓ **Source document:** [WHO Abortion Care Guideline \(page 106\)](#)

**Country recognized approval (mifepristone / mife-misoprostol)**

No

**Related documents:**

- [Essential Medicines List, 2009 \(page 1\)](#)

**WHO Guidance**

The following descriptions were extracted from WHO Abortion Care Guideline. Where there is a specific Recommendation, this is stated. Otherwise, these are excerpts.

Mifepristone and misoprostol should be listed in relevant national EMLs (NEMLs) or their equivalent and should be included in the relevant clinical care/service delivery guidelines.

Inclusion in the NEML is one important component of ensuring that quality medicines are available.

For induced abortion, Mifepristone (200 mg) and misoprostol (200 µg), are recommended in the WHO EML. The EML specifically mentions the following co-packaged formulation: 1 tablet mifepristone (200 mg) + 4 tablets misoprostol (200 µg).

Restrictions on prescribing authority for some categories of health workers may need to be modified or other mechanisms put in place to make the medicines available for these health workers within the regulatory framework of the health system. Abortion Care Guideline § 1.4.4.

## Indicators

Country specific information related to sexual and reproductive health indications. As data for the Sustainable Development Goal (SDG) indicators related to sexual and reproductive health become available, these will be provided, through periodic updates.

### Goal 1. End poverty in all its forms everywhere

|  |         |
|--|---------|
| 1.1.1 Proportion of population below the international poverty line, by sex, age, employment status and geographical location (urban/rural)  | No data |
| 1.3.1 Proportion of population covered by social protection floors/systems, by sex, distinguishing children, unemployed persons, older persons, persons with disabilities, pregnant women, newborns, work-injury victims and the poor and the vulnerable | No data |
| 1.a.2 Proportion of total government spending on essential services (education, health and social protection)  | No data |

### Goal 3. Ensure healthy lives and promote well-being for all at all ages

|  |                  |
|--|------------------|
| 3.1.1 Maternal mortality ratio   | 29 (2017)        |
| 3.1.2 Proportion of births attended by skilled health personnel  | No data          |
| 3.7.1 Proportion of women of reproductive age (aged 15-49 years) who have their need for family planning satisfied with modern methods | No data          |
| 3.7.2 Adolescent birth rate (aged 10-14 years; aged 15-19 years) per 1,000 women in that age group                                     | 16.5 (2015-2020) |
| 3.8.2 Number of people covered by health insurance or a public health system per 1,000 population                                      | No data          |
| 3.c.1 Health worker density and distribution   | No data          |

### Goal 4. Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all

|   |         |
|---|---------|
| 4.1.1 Proportion of children and young people: (a) in grades 2/3; (b) at the end of primary; and (c) at the end of lower secondary achieving at least a minimum proficiency level in (i) reading and (ii) mathematics, by sex | No data |
|---|---------|

### Goal 5. Achieve gender equality and empower all women and girls

|  |         |
|--|---------|
| 5.1.1 Whether or not legal frameworks are in place to promote, enforce and monitor equality and nondiscrimination on the basis of sex  | No data |
| 5.2.1 Proportion of ever-partnered women and girls aged 15 years and older subjected to physical, sexual or psychological violence by a current or former intimate partner in the previous 12 months, by form of violence and by age | No data |
| 5.2.2 Proportion of women and girls aged 15 years and older subjected to sexual violence by persons other than an intimate partner in the previous 12 months, by age and place of occurrence   | No data |
| 5.3.1 Proportion of women aged 20-24 years who were married or in a union before age 15 and before age 18  | No data |
| 5.3.2 Proportion of girls and women aged 15-49 years who have undergone female genital mutilation/cutting, by age  | No data |
| 5.6.1 Proportion of women aged 15-49 years who make their own informed decisions regarding sexual relations, contraceptive use and reproductive health care  | No data |
| 5.6.2 Number of countries with laws and regulations that guarantee women aged 15- 49 years access to sexual and reproductive health care, information and education  | No data |
| 5.a.1 (a) Proportion of total agricultural population with ownership or secure rights over agricultural land, by sex; and (b) share of women among owners or rights-bearers of agricultural land, by type of tenure                  | No data |
| 5.b.1 Proportion of individuals who own a mobile telephone, by sex   | No data |
| <b>Goal 8. Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all</b>  |         |
| 8.5.2 Unemployment rate, by sex, age and persons with disabilities   | No data |
| <b>Goal 10. Reduce inequality within and among countries</b>   |         |
| 10.2.1 Proportion of people living below 50 per cent of median income, by age, sex and persons with disabilities   | No data |
| 10.3.1 Proportion of the population reporting having personally felt discriminated against or harassed within the previous 12 months on the basis of a ground of discrimination prohibited under international human rights law      | No data |
| <b>Goal 16. Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels</b>                                    |         |
| 16.1.3 Proportion of population subjected to physical, psychological or sexual violence in the previous 12 months  | No data |
| 16.2.2 Number of victims of human trafficking per 100,000 population, by sex, age and form of exploitation   | No data |
| 16.2.3 Proportion of young women and men aged 18-29 years who experienced sexual violence by age 18  | No data |
| 16.3.1 Proportion of victims of violence in the previous 12 months who reported their victimization to competent authorities or other officially recognized conflict resolution mechanisms   | No data |
| 16.5.1 Proportion of persons who had at least one contact with a public official and who paid a bribe to a public official, or were asked for a bribe by those public officials, during the previous 12 months                       | No data |
| 16.6.1 Primary government expenditures as a proportion of original approved budget, by sector (or by budget codes or similar)  | No data |
| 16.6.2 Proportion of the population satisfied with their last experience of public services  | No data |
| 16.7.1 Proportions of positions (by sex, age, persons with disabilities and population groups) in public institutions (national and local legislatures, public service, and judiciary) compared to national distributions            | No data |
| 16.9.1 Proportion of children under 5 years of age whose births have been registered with a civil authority, by age  | No data |

---

|   |         |
|---|---------|
| 16.10.1 Number of verified cases of killing, kidnapping, enforced disappearance, arbitrary detention and torture of journalists, associated media personnel, trade unionists and human rights advocates in the previous 12 months | No data |
|---|---------|

---

|   |         |
|---|---------|
| 16.b.1 Proportion of population reporting having personally felt discriminated against or harassed in the previous 12 months on the basis of a ground of discrimination prohibited under international human rights law | No data |
|---|---------|

---

## Goal 17. Strengthen the means of implementation and revitalize the Global Partnership for Sustainable Development

|   |         |
|---|---------|
| 17.8.1 Proportion of individuals using the Internet | No data |
|---|---------|

---

### Additional Reproductive Health Indicators

|   |                    |
|---|--------------------|
| Percentage of married women with unmet need for family planning | <b>13.7</b> (1996) |
|---|--------------------|

---

|  |                   |
|--|-------------------|
| Percentage of births attended by trained health professional | <b>100</b> (2015) |
|--|-------------------|

---

|   |         |
|---|---------|
| Percentage of women aged 20-24 who gave birth before age 18 | No data |
|---|---------|

---

|                      |                     |
|----------------------|---------------------|
| Total fertility rate | <b>2.419</b> (2018) |
|----------------------|---------------------|

---

|  |         |
|--|---------|
| Legal marital age for women, with parental consent | No data |
|--|---------|

---

|   |                       |
|---|-----------------------|
| Legal marital age for women, without parental consent | <b>17</b> (2009-2017) |
|---|-----------------------|

---

|                                   |                    |
|-----------------------------------|--------------------|
| Gender Inequalities Index (Value) | <b>0.27</b> (2017) |
|-----------------------------------|--------------------|

---

|                                  |                  |
|----------------------------------|------------------|
| Gender Inequalities Index (Rank) | <b>59</b> (2017) |
|----------------------------------|------------------|

---

|                                |                   |
|--------------------------------|-------------------|
| Mandatory paid maternity leave | <b>yes</b> (2020) |
|--------------------------------|-------------------|

---

|            |                    |
|------------|--------------------|
| Median age | <b>27.8</b> (2020) |
|------------|--------------------|

---

|                       |                      |
|-----------------------|----------------------|
| Population, urban (%) | <b>50.478</b> (2018) |
|-----------------------|----------------------|

---

|  |         |
|--|---------|
| Percentage of secondary school completion rate for girls | No data |
|--|---------|

---

|                                      |                     |
|--------------------------------------|---------------------|
| Gender parity in secondary education | <b>0.987</b> (2017) |
|--------------------------------------|---------------------|

---

|  |                    |
|--|--------------------|
| Percentage of women in non-agricultural employment | <b>39.4</b> (2007) |
|--|--------------------|

---

|   |                    |
|---|--------------------|
| Proportion of seats in parliament held by women | <b>16.4</b> (2017) |
|---|--------------------|

---

|  |                    |
|--|--------------------|
| Sex ratio at birth (male to female births) | <b>1.06</b> (2018) |
|--|--------------------|

---
